Gulf Marine has another six 320,000-dwt tankers on order at Daewoo. Four are set for delivery in 2010, one for 2011 and the sixth has been pushed back to 2014 from its original delivery date of 2011.

Even though Gulf Marine ordered the ships at the height of the market, for between \$125 and \$130m, it also took advantage of the peak with resale deals.
