GENERAL VESSEL INFORMATION:

Belships has not been in the product tanker segment in the two past years, but is now re-entering this market with the delivery of the newbuilding M/T **BELAIA** in March 2007. This vessel has been fixed for a period of 7 years with an option for an extension of up to 3 years, and has been fixed out for a 5-year time charter, which will produce an annual net contribution of around USD 0.8 million.

Belships has an option to buy the vessel that may be exercised after March 2010. The operating company Belships Management in Singapore continues to strengthen its presence in the Far East.

Belships Annual Report 2006
