Danish owner and operator Norden continues to shift its exposure from tankers to dry bulk, revealing the sale of two tankers and the acquisition of two bulkers.

Norden has sold the 2009-built 50,000 dwt MR tanker *Nord Pearl*, which it first acquired in 2017, and the 2008-built 38,400 dwt handysize tanker *Nord Butterfly*.

*Nord Pearl* has been snapped up by Spain's Marflet Marine, with the sale price quoted by VesselsValue as \$16.3m, while *Nord Butterfly* is reported as sold to Greece's Ancora Investment for \$9m.
