GENERAL VESSEL INFORMATION:

The bulk carrier **CARAVOS HORIZON** - loaded with 58.162 fertilisers - was immobilised due to steering problems, at position about 850 miles of Azores island. The vessel was en route from Tampa, Florida to India. After signing a LOF agreement, Tsaviris immediately dispatched S/T F. KRYLOV from Ponta Delgada . Towage of the casualty commenced on May 3rd and headed to Azores; however due to adverse weather conditions and for the safety of the casualty, the direction of the convoy was changed to the East towards Gibraltar Straits. The convoy is expected to arrive at Piraeus in the beginning of June.
