GENERAL VESSEL INFORMATION:

The next couple of newbuildings were already under construction and had in fact been launched at Dalian Shipyard in China by the time the building contracts for the geared 28,000 tdw bulk carriers were signed. Originally ordered by Hong Kong shipowner Y.K.Pao and somewhat later transferred to Wheelock Marden of Hong Kong, the ships were commissioned as the RIXTA OLDEN-DORFF (2) and REGINA OLDENDORFF (2), registered in Hong Kong for newly-founded Egon Oldendorff (Hong Kong) Ltd. Hit by deteriorating freight rates, Wheelock Marden found it impossible to honour the contracts which forced the builders to sell the ships at a rock-bottom price, the lowest ever paid for newbuildings of a similar description before or after this deal. In the same year a third sistership built two years before was acquired and re-named **HELENA OLDENDORFF**
