GENERAL VESSEL INFORMATION:

The m.v. **IVS NIGHTINGALE** was launched on the 25 November 2004 and is expected to be delivered on the 03 March 2005. (Island View Shipping (IVS) was acquired by Grindrod Ltd in 1999 and is the largest bulk shipping operator in South Africa.)
www.ivs.co.za/news - 10 Nov 2004

PCL will deploy three sister vessels in the PANZ service: **IVS NIGHTINGALE** (built 2005); IVS NIGHTJAR (built 2005) and IVS HUNTER (built 2001). Hence PANZ will be able to guarantee customers a regular scheduled monthly service. All three new vessels are 32,000 DWT modern handy size loggers with 30 tonne cranes, box shaped holds, and a 14 knot service speed.

The **IVS NIGHTINGALE** will commence the new service with effect mid March 2007. These vessels will be directly employed in the PANZ service until early 2009 when PCL intends to replace them with 4-5 36,000 DWT modern handy size loggers from their current new building programme.
