Latvian says Tsakos deal has not collapsed

25 October 2001 22:00 GMT *UPDATED 25 October 2001 22:00 GMT*

Riga-based Latvian Shipping rejects market speculation that its deal to take over three panamax products-tanker newbuildings from the Tsakos group of Greece has collapsed.

The deal has been in the works for a long time.

It was reported this week that one of the vessels, the 60,000-dwt Inca (built 2001), has been chartered out to Glencore for two years at $18,500 per day.

Marenave pounces on Latvian pair

18 January 2007 13:27 GMT *UPDATED 18 January 2007 13:27 GMT*

By **Geoff Garfield, London**

Marenave Schiffahrts, the public shipping fund launched by German finance house Konig&Cie, has acquired two panamax products/chemical tankers from Latvian Shipping Co, which is considering an order for more newbuildings, possibly again in Croatia.

Marenave bought the coated, 68,400-dwt *Zemgale* and *Latgale* , renamed the *Mare Pacific* and *Mare Atlantic* , respectively, from Riga-based Latvian for $51.5m each.

A EUR 150m ($195m) fund established as recently as November 2006, Marenave says the tankers, which were built at Koyo Dockyard in Japan in 2001, will be taken over at the end of January.

2017:

TradeWinds
The Global Shipping News Source

The fleet of German owner Marenave Schiffahrts is shrinking fast, with the company now believed to have sold all of its tankers.

Sources say the Koyo-built, 68,000-dwt *Mare Atlantic* and *Mare Pacific* (both built 2001) have been sold to a company called Kasco for $6.8m each, some $1m lower than expected.

U.S. Sanctions UAE Companies and Vessels in Response to Iran Nuclear Activities

Sea Route Ship Management FZE, which acted as the commercial manager for the vessel ASTRA, was implicated for transporting petrochemical products from Iran in late November 2021. Almanac Ship Management LLC and Al Anchor Ship Management FZE, managing the vessels BERENICE PRIDE and PARINE respectively, were implicated for transporting petroleum products from Iran in late October 2022.
